Mr. Josef Branham

Voice of God Recordings P.O Box 950 Jeffersonville IN 47131 U.S.A.

2001-12-20

Dear Brother Josef

Christian greetings from Switzerland and Rotterdam. I don't know if you will remember me - I wrote you two letters some years ago - but sure you will remember your few hours, late at night in Rotterdam, when Br. Harry van der Stel gave to you a hat of your father. You was quite surprised about that, but you don't know the story behind it, and why Brother Harry did it. Now, I am also writing to you on behalf of this brother, because we have one voice in this letter and are good friends.

English ▼

Now, please consider, that English is not my mother tongue and so I don't have the sensibility to use the proper words all the time. Only a native can do that, I mean a man born and grown up under a certain language. So please forgive me, if my wording is not always polite enough. The prophet said, that he liked man around him that would not always agree. And I hope the Lord gave you enough grace to do likewise.

We just read your paper "Here I stand" and your open letter. It's just too much said in those papers to deal with in one letter but we have to take our stand for honesty and truth.

We appreciate the great work you have done through the years in spreading the message worldwide. But now you came out with a public attack against free translators and it seems, that you just don't get the real picture in this matter. ...read more ...

Why do people translate? There maybe different reasons, but Jesus said in Luk. 9.50: "Forbid him not, for he that is not against us, is for us." If you do that, you are out of the word right there.

Why did Brother Harry start to translate? This testimony may help you to get a deeper insight.

Brother Harry van der Stel in Rotterdam was desperately battling with the Lord, telling Him, He was unjust, to send a prophet speaking a language he couldn't understand, knowing, the importance of a prophet. Was not many translations in the seventies. He started to run those tapes in his home, not able to understand what the prophet said, but he just loved that voice and the anointing coming with that voice. Being desperately in prayer one day, the Lord just opened his ears for that foreign language instantly and he could understand the preaching instantly, even being able to translate simultaneous into the Dutch language. Many people got saved and healed under those translations. God blessed the ministry of brother Harry, so God gave him a strong church, and because of that he is able to raise the money to finance the printing work.

Why did I start with the translation work? One day Brother Sidney Jackson came to Rotterdam. Perhaps you know what Brother Branham said about that man. Here it is:

Well, why did Brother Jackson and his wife stand out to me? Because he was a hunter? Nope. Because I've got many fine hunter friends down there. But why did he stand out? And why? If you only knew the secret behind this all. But I don't tell people all the secrets that I know. Well, why was it at the same hour that the Lord said, "Contact Sidney Jackson in South Africa," the Lord spoke to Sidney Jackson to come here? Sunday a week he was baptized, him and his wife, in the Name of Jesus Christ, right here in the shadowing time. See, predestinated to the cause... See? QUESTIONS.AND.ANSWERS_ JEFF.IN _ 64-0823M

For me it was the grace of God that I could see that man in Harry's place

around 1979-81. Jackson asked me: "Do you have these tapes in your languages – then he mentioned some titles of messages. Then he said: "The prophet told me, that in those tapes is the mysteries given to the Bride." According to Brother Branham's own words, he was predestinated for the cause. This Bother Jackson now urged me to translate those tapes to the Bride in Germany. That's the reason I started to translate some messages into the German language. Hardly one of those tapes brother Jackson mentioned was already translated into the German by the man Ewald Frank who claimed to be the only one, being allowed to translate. He even said the prophet told him that.

I had my own business in those days, so I could take some time to translate. But not being able to do both well I just dropped my business and I lived from a little income from my church of about sFr. 2000.- with seven Children. Then a director of the company "Manpower" tried to win me desperately for his company. He offered me a job with a top salary of sFr. 9000.- -10'000.- a month. That was a lot of money in 1983, more than some bank directors had. I rejected, because the Lord had called me to do something else. Already then some had the nerve to tell me, that I was translating to make some business with the message.

Now lets come to the point This was one of the statements in your writings: "Since the earliest days of Voice of God Recordings, I have always stressed to you the fact that my goal is to run the outreach of Brother Branham's ministry as closely in line with his instructions as human possible.

As a foundation to your writings

you have some quotes and two papers: The first resolution signed by the board of the Branham Tabernacle and your paper "transfer of franchise" date 1981.

In that second paper you put something in which was never stated in the original resolutions signed by the board! I will repeat that: In your second franchise claims you injected something which was never mentioned in the original resolution signed by the board! The subject is "Translating into other languages. It is not there on the first resolution, it's just not there! The second paper is named "Transfer of franchise"

How can somebody give you a right for something that he never had himself? How can you transfer something what is not there? Please, explain that one! There was a copyright on the church age book. That's all.

You put your franchise claims also on translations. Brother Branham never said it and you can see, he was very happy the way it went. That was his instruction: The tape ministry is a worldwide thing, everywhere. I think it's one way God has got scattering the Message back into the heathen lands, back in where that it has to be translated. And in Germany, and so forth, they got tapes (they already had them) they go to their congregations of hundreds and hundreds of people; and put little things in their ears, and run it onto a tape. And just as I'm speaking,

(that's him on tape now) the minister stands there making the same expressions, and in the other languages, and bringing it out before hundreds. And hundreds are being saved and healed, just through the tapes going out across the world. All in English, but being translated in many, many different language in tribes around the world. We hear from them, back through the mail. TESTIMONY_ SHREVEPORT.LA V-17 N-5 THURSDAY_ 63-1128M

He said: "We hear from them back through mail." I don't know how inaccurate those translations were, but good enough that people got saved and healed and the prophet rejoiced!

In your claims you are mixing the former franchise with your latter franchise and by that you are saying things the prophet never said. If you say now, the prophet said, then the whole world can see that you are lying.

Brother Branham said, there is no half lie, when Abraham said, Sarah was his Sister, he said that was a plain lie, pitch black. There is only one way to solve that thing: Confess, that you did wrong to all the translators world-wide and apologise for that and we will gladly forgive you. We will call you Brother, even in your letter, you give the impression, that we are no brothers and that it was the angel of the Lord that let you make that remark to us. If giving out this message with a pure heart before God, if that will kill me, then that is ok, then I don't want to live.

Give us one quote or statement of the prophet, where he says that it is not allowed for an honest man around the world to translate the message we will follow his instructions instantly and we will drop the work right now, because we would never go against something the prophet said. I am now 62, a good age to resign. It's just hard work to help a few people and you will never make a living out of it here in Europe you have to give your own money into the work. I will just drop the case and will make life a little more easy together with my wife.

You made the fatal mistake in saying and bringing into your claims something, that your father never said. Now, you can do that, you are free to do what you want, but please, don't tell the innocent young translators, that the prophet said so. With that lie you are putting them under psychological terror and fear. I think you should also understand, what the Angel of the Lord said about that man with his "free tape ministry" had nothing to do with the tape ministry but with his spirit and his behaviour. The spirit he showed and his lack of respect to a prophet of God brought him out of fellowship.

Then you took your second step

Again I will try to believe that you did it with a honest heart with the desire, to make the translation as good as possible. But according to the prophets own words concerning translations you were out of place then already, because he said: scattering the Message back into the heathen lands, back in where that it has to be translated..... . All in English, but being translated in many, many different language in tribes

around the world. We hear from them, back through the mail. (He never said: Now, they have to be sent back to us, so we can control them. He knew better than that. God is watching over his word, at least according also to your bible.

By thinking, you would be able to control the quality of a translation, you brought in your own rules into foreign languages, thinking now, you know more about translations, then the man in his home country. I tried to make that clear to you some years ago, but you would not listen. We have reports from several countries about confusing computerized word by word translations, to read like an oracle.

Some honest and firm man had the courage to tell you the truth, but you acted like a know it all, refusing their advice all the time. I understand your desire to give out translations, but only a man being spiritual, living in that country and speaking both languages can judge a translation but no computer-program.

But obviously you had your personal reasons to do that, because for you even the wording the prophet used was God, with all wrong remarks and stammering. There you went overboard because the letter killeth and the spirit gives life. By worshipping the letter instead of the spirit one becomes an idol worshipper.

For you, all what he said was God even his mistakes, even his stammering, but that's again not what the prophet said, he said: "You must understand what I mean."

RISING.OF.THE.SUN_ JEFF.IN V-3 N-12 SUNDAY_ 65-0419M

4-1 Now, I want you to turn in--in your Bibles, as we always believe that the Word must come first--of the reading of the Word. I always read That, because It... My words is the word of a man; it will fail, but the Word of God can never fail. (1965 after the seals.)

Every man is stammering a little when he is talking, but not when he is writing.

If I translate a stammering minister in the pulpit, for sure I will not embarrass the man in talking likewise when I speak his sermon into my language, just imaging that! Besides that, all of us know, the prophet told us, what he preached about the seals in early days was a million miles from the truth.

So for you every word he spoke is God, even his mistakes, and that's the way you are presenting the message: "Voice of God" - and here comes Mariano: "Is God under copyright -There is no copyright on God". And that is absolutely true. No man can put a copyright on the word of God. No man can do that. That's the reason we have so many bible versions. And it's just a blessing not a problem.

I was never interested to change what the prophet said. The message means too much to me. I admit, I gave out some short versions of a

sermon, without introduction and announcements of events, happened fifty years ago, (Jeff. did the same) but then it's mentioned in the book, and that's my business, not yours, because I am standing in front of a higher court all the time, when I am busy with the word of God.

I told you some years ago, that a good translation must be able, to bring the simplicity of the expression of a thought into another persons mind. And only a native is able to judge that problem. You said, we gave the translations to professional translators to proof –according to our rules – and they stated it is ok – as word by word translations. The problem is that it's rather silly, to think a word by word translation makes much sense to a simple man, and also the idea, that the rules of your language will fit to other languages. As you know, Brother Janson is a professional translator and a faithful message believer and for him it was absolutely to much, what you guys tried to do with the French language. Same problems Mariano had and many others as you know. I never tried to work with you, knowing the problem from the beginning.

When they translated the bible in different languages they had many problems to make the people understanding the meaning not the wording. One problem "was white as snow" because, there is some countries where the people never have seen snow. So they had to say it in a way, that the people could understand, so they translated: "White as a lily." Totally wrong according to your rules.

Now it is no proof, that you are right with your translating rules, when you still find some nice humble man, willing to work under your strange instructions, deceived or not being honest even to themselves.

Now you say: "..... books are frequently translated, printed and distributed without my knowledge. (to much to make any comments here) Then, these unchecked translations are spread among the people, and another, inaccurate "version" of the Message takes hold and adds to the confusion already among the people.

It seems, that you are in contact with the wrong people, because there is no confusion in the Bride, only in the carnal body of the message. And to make the confusion really going, and you came in rather late, with your mind confusing translations.

You complain about more than one translation from the same message. What's the problem with that? Then everyone is able to compare the translations and make up is own mind about it and then they will find out the real meaning of the wording..

I do the same sometimes when I study the bible, I just take another translations. In the German language we have more than 10 different translations! Do you know that even one English word sometime contains about fife different possibilities to bring it out in German?

Do you know, how many languages still exist on earth? According to a estimation of the renowned "Academie Francaise" as Charles Berlitz writes in his book "The Wonderfull World of Languages" there are still 2796

languages in the world! You would like to do all under your control? Wonderful, the Lord did and will not allow that.

I will not bring you on the same level of Robert Mugabe, it's just to show a point. If a man has a certain position or if a man puts himself in a certain position, like Robert Mugabe, President of Zimbabwe, he has a lot of people around him which belong to him. Because they live from that man, they will never be honest to Mugabe, they are just licking his boots. They will always praise him. After a certain time, he is so much used to that, that he will always get angry if somebody is speaking clear to him. In your case it is even worse, because I don't think that somebody believes that Robert Mugabe is God.

Then you tell us: It is not possible to make a good translation in a week. How do you know? There is many bad translations, and the man worked many weeks, and there is some excellent translations made in real time, just spoken as it was preached. It just depends how good the man is, ore it happens sometime in a miraculous way under the anointing of the holy spirit just in the meeting.

Your father said: And just as I'm speaking, (that's him on tape now) the minister stands there making the same expressions, and in the other languages, and bringing it out before hundreds. And hundreds are being saved and healed

Harry van der Stel was translating tapes in real time under the anointing of the Holy Spirit, before he even could speak proper English and people got healed at the spot, God did mighty works and miracles. In vain? Then you talk about inaccurate versions of the message, not checked by VGR. Do you realize your arrogance now?

My tapes goes out to different churches in Germany and some Pastors are really calling for them, because it is a revival for their church every time when they listen together in a meeting. People has been set free, and just recently a sister was healed in one of those tape meetings. They had to phone to the hospital, that the woman is well now, no operation was needed, they canceled the date in the hospital. In vain?

You say: We promised, that no request for materials where overlooked.

That's nice, and I am sure you even meant what you said, but Brother Dushan, Mariano and others had to wait nearly a year sometimes until their translation was printed. That's the reason those people was asking for help and we helped them to print on their own, so the work of the Lord can be done in a short time. And from Africa I heard reports how the people had problems to get books and tapes from the "tribal chief pastors" and office keepers, or the tape libraries where empty, or they have no money to buy books ore tapes. (At the moment, in Zimbabwe, the average men can hardly afford his daily food, same time some millionaire message chiefs live like kings.)

Now you say that one Message translated according to your rules is enough to save a soul. That may be true, because with God all things are

possible, but still your left with the question: Why did the prophet preach all those tapes – only for Americans? Did he say: "Rapturing faith lays in these messages:" "or in one message?"

There is a lot more to say about "Here I stand", but for sure, that's not my job, because I am responsible for translations and not for giving out originals. But just in closing a few words about the versions of original messages.

In your general letter you are calling for "undivided attention" . Then you go on, telling us, that the following quote is not manipulated:

"If there'd be a foul person, that wanted to do some trouble, he could really do it. You go over that franchise--- `cause that's just like a copyright, see, the same thing. You are not allowed to do it; it's a great fine to do that.(§111) He continued his instructions by saying: (Now that following statement comes two pages later: (§123) "I' can't take care of all; I am just telling you the way it should be and must be run. That...you understand, I said; `Must be run."

So it's manipulated! The first part of the quote with the "foul person" is spoken in § 111 The second part of the quote you wrote in one paragraph appears two pages! later in §123 of church order and had to do with the royalties in connection with the law of the country they had to follow! That was the "must be run" the prophet was talking there. The first part of the quote had to do with a franchise the board could change any time! (We will bring it later with all in line) You fabricated out of those statements something, that let the innocent believe, and gives the impression, that it must be run the way it is now, and can not be changed, otherwise you would go out of the instructions the prophet gave! That's really bad and a masterpiece of misinterpretation.

And by the way, you should know about that letter from the 1th September 1972, from "William Branham Evangelic Association" signed by your own Brother. Here is just a little part of it: Most recently our attorney informed us that the tape recorded messages of Brother Branham were considered to be "public domain" and could not legally be enforced under a franchise. We accept this as being the law of the land, and henceforth will not try to enforce the franchise of the tape recorded messages of Brother Branham"

You wrote: I cannot help but believe that if we were following, to the letter, the instructions that the prophet left for us, the results would be greater than anything we have ever seen or imagined. That's 100% true, and you better do it!

Why the instructions was given in the Branham tabernacle (CH.ORDER_63-1226)

§ 115... there has been complaints on every one. But it seemingly here lately, there's been a great complaint about not getting their tapes. People has called me up from across the country. And then another, being, retracted tapes. They'll be playing one thing one minute, and play back on

another another thing, and then you can't even understand what they are.

§ 116 Now, these people paying for those tapes should get a genuine tape....

§ 117 And someone's called me, and say they been waiting for months for tapes..... the law of it is that these tapes, from the time that they send for them, them tapes are supposed to be on their road within a day or two, three or four, five days; after they send for them tapes, it's got to be in the mail or the franchise can be canceled at any time when these orders are disobeyed. See?

§ 119 Now, and every six months or a year, this is supposed to be renewed; this agreement is supposed to be renewed. You're supposed to meet on this certain date that this franchise says that you got to meet. And then it's supposed to be, that's, other people are supposed to come in at that time, and you're supposed to notify others who have been asking about the tapes, and come in with their agreement and set down and talk it over.

§ 119 Now, these orders must be carried out. See? And it must be carried right, because it is complaining. They complained with Leo and Gene; they complained with every one; it's complain with Brother Maguire; and it'll be complaining with somebody else, but let's find out what their complaining is.

§ 120 Now, but when the tapes are begin to pile up, boxes of them, letters by the dozens pouring in, and they... See, it doesn't fall back to the tape maker; it falls on me. They're always bawling me out about it. Now, it's my duty as a Christian to see that the people get what they pay for, and I want you trustees to see that they get it. If they have to charge more, get a better tape, get a better machine, we want somebody to make that tape who makes it right. That's our interest.

The tape must be made right. And the customer must be satisfied, or stop the whole tape thing altogether; we won't have no tapes, just let anybody make them that wants to. But if they're going to charge for them, let them see that they get what they paid for, 'cause that's Christianity. That's no more than do...

§ 124 And if you have to have a better machine to take it, then get a better machine. If it has to be... Now, I said to them; I said, "Every meet... mission that I go into the field, before I go, I'll notify you what sermons I'm going to preach on out there, something that I've already..." And I promised you all, which I'm going to retape back again Sunday night, that "Before I preach any new message, it would come from this Tabernacle first, because they seem to get a better recording."

§ 126 And make a perfect tape, and each tape played back and checked before it goes, or just stop the whole thing; don't even have nothing to do with it; let every man make his own tape. See? But get it done right (See?), so that this complaint will stop. We don't want no complaints at all. If there is a complaint, let's take care of it, then we'd have it over with.

Further reasons for those resolutions brother Branham signed with this "handful of men" are as follows: It has been brought to our attention that ministers are crossing the country entering into other fellowships, saying they are associated with, and are sent out by this church to hold these meetings.

It has also been brought to our attention that people are printing cards and tracts, sending out prayer cloths etc. as though they were authorized to do so by this church and it's Pastor, which is not true.

Now we have seen, the reasons for this franchise: Good quality of tapes, stopping complains and stopping people, going around, telling, they belonged to the Branham Tabernacle.

These things never had anything to do with translation rights, and even your other claims are abstruse, after the board accepted the laws of the country in Sept. 72, signed by your own brother, informing us that the message is public domain after being spoken.

We appreciate, what you said on Page 5: "Being human, I have failed many times in coming up to the exact measure of what I believe the Lord would have of me, but I keep praying and trying. That's wonderful, just keep pressing on.

You also said: You might say, "But Brother Josef, how can one office supply the entire world."? I have never said that I wanted to work alone, and I don't believe that's what Brother Branham had in his mind. (Now you admit, that you don't know, what he had in his mind because you say now "believe") He placed a handful of men, a board, in service as overseers, to supervise the work that knew needed doing. That is really nonsense, you see? That was the board as any church has. Did they follow his instructions? (§119/119)

Why do you hold to franchise claims to fight a useless battle instead of coming to grace, when it's proven that there is no legal rights and your own "board" signed by your own brother already gave permission? Brother Branham said, that law and grace cannot exist at the same time. Why do you hold to your franchise law when it's useless anyhow? Just condemning brothers, when the reasons for the franchise was to give to the people a good quality of tapes? You are the only one that can stop the whole nonsense going on. Just tell the world the truth, that there are no legal and moral franchise claims. Now you say: "It would not stop the fight between those that give out the message now." Why not? How can you know what will happen? I still believe in miracles and in a tremendous victory in the love divine, and the disciples of Jesus was also fighting sometime, and God is watching over His own word.

You told us in the last "Catch the vision", that you shipped 48'410 CD's to Africa. You say, "only" § 7.- for one sermon, § 497.- for only one year. You should also know how much money an average African can spend. Why did you reject the MP3 version, that was offered to you by Daniel Billesberger? Just think: 1159 Messages for less than \$ 40. One message

less than 4 Cents! Also a poor man can afford, but then maybe VGR will face financial difficulties. That seems to be the real problem. Why don't you want competition? Only because of competition you have your daily food, your cars and everything so cheap. It's also not right to keep the price of the spiritual food on such a high level in trying to push away competition. That's the way the Mafia is working but not a believer, putting people under psychological terror and fear. Because of competition and the advanced technology also the quality is no problem anymore and for sure nobody will go around, claiming he is a member of the Branham Tabernacle. So the resolutions are fulfilled anyhow as you can see and so it's irresponsible to hold on to a franchise being given fifty years ago with the goal to obtain the best quality of tapes having in view the excellent quality already produced years ago, and improving automatically as time goes on, by many electronic enthusiasts around the world.

What hinders you then, to speak like Jesus: "Forbid him not, for he that is not against us, is for us." What's the problem then? What hinders you then if it's not a money problem? But just be honest, for sure somebody will help, if God is in the matter.

You complain about all the money you spend for all cleaning work, stolen food, Robin Hoods etc. Brother Ronald Searle and many others spread the message all over the islands and the rest world, all not cleaned, but in a very good quality. We even preferred those tapes more then all later cleaned versions. You could even hear the sound of the holy spirit on the old tape in the message "Tower of Babel, on the cleaned version you will not hear one thing.

We don't know how much you had to pay Cloverdale Bibleway for the cleaning equipment, but it's rather ridiculous to complain about those expenses anyhow in view of the full size of "Voice of God Recordings". We gave the whole life for this message, we had to work to raise our money to buy all printing and tape equipment. Everything we give out, even the translations are free without any copyrights. We never made a living out of the message. It is just normal that a man will look for a job, if he runs out of money, even the prophet had to work in the beginning of his ministry.

Brother Branham spoke about a tremendous victory in the love divine. That means, we have to come to grace in all things, to that capstone, Christ. Calling grace, grace. What hinders you to come to grace Josef and to confess, that you did wrong? You can only win. For sure man, you can only win and get stronger.

Let's quote the prophet for the last time

HUMBLE.THYSELF_ JEFF.IN V-21 N-1 SUNDAY_ 63-0714E The--the way up is down always. If you want power, see how humble you can get. Just get away from all your worldly thinking, and humble yourself before God, and then you've got more power than the man that runs all over the building and makes a big lot of noise (See?); because you have been able to conquer yourself and commit yourself to Christ.

Then in § 74 he says: " And that takes all of us together, if we want to see the Third pull really to do something for God, and coordination with everyone of us together, to humble ourselves before God and confess our wrong, and pray and believe God for those things.

May the Lord help us, to be honest with ourselves, may He help you in all things.

With sorrows in our heart we are writing to you, hoping and praying that you will come back in line with the truth and the word.

Your brothers from Switzerland and Rotterdam.

Samuel Suter
Harry van der Stel

P.S. Because you went public with "Here I stand" and with your letter, we are sorry, but we have to go public also with this letter.
